

## DINOKENG LOFTS REPORT – MAY 2014

- Friday morning 08h45 (16/05/2014) all the pigeons just finished their early morning training. At this stage they are flying for at least 30 minutes but most are already flying for 30 minutes or more. Even though the pigeons have finished training time there are still many in the air, all of them are displaying their kamikaze jet fighter aerobatics which show they are really enjoying flying around the loft.
- The pigeons are in good health, wattles are white, eyes bright and they are full of vigour, they really look good.
- Our orientation net was removed on Monday 22<sup>nd</sup>.
- The pigeon's weight is also right for this stage of their training.
- Most pigeons are finished with the body moult but the flights are in all stages of moulting.
- We still have ± 80 pigeons from our previous season not sold (they will go on auction shortly). We will let you know when and where. Some came back after the auctions were concluded and some were not paid by bidders.
- A list of all pigeons (2014 season) currently in the loft is placed on our website.
- **NB!** Entrants must let us know their pigeon's rankings and names. If they neglect to do so we will have to do it for them.
- **NB! Results of entries and their reserves not paid will not be shown on the internet during Training.**
- **Please take note that you have to pay all outstanding money before end of June. If not, your pigeons will be withdrawn from the race and will be sold to cover our costs. The entrant will however still be liable for the balance of his entry payment (less selling price)**
- **NB!** There are still a few pigeons sold on auctions but not paid at this stage. If you are one of these, please rectify this problem. On the 1<sup>st</sup> of July we will put a list on our website of all the sold but unpaid pigeons with the buyers name. We have to do this because the owners of the pigeons expects us to credit them or pay them their share of the auction money.
- **NB!** There are also pigeons still with us that were sold on auction and paid for. Please contact us and arrange to take them, we cannot keep them with us indefinitely.
- Short Training flights will commence on ± 23 May 2014 and but will only be on the internet from ± 6 June.
- Tension is starting to build! Who will be the winners this season??? Don't miss out, it may be YOU!!!!

- Enjoy the wonderful sport of Racing pigeons!
